Bainbridge, Griffin Bolte Jurgens honored for health center

Bainbridge Design and Griffin Bolte Jurgens Architects were honored with a national Healthcare Environment Award for their design work on Mary Bridge Children's Specialty Clinics in Tacoma, Wash.

The clinics, which opened in April 2005, took top honors in the ambulatory care category of the Center for Health Design and Contract Magazine's annual interior design competition.

GBJ was the lead architect on the 62,000-square-foot facility, and Bainbridge Design was the interior design consultant.
